Acting Director of Public Works

### **LOS ANGELES COUNTY WATERWORKS DISTRICT NO. 29, MALIBU EMERGENCY INSTALLATION OF K-RAILS AT TOPANGA BEACH PUMP STATION**

On January 10, 2005, a rockslide damaged the Topanga Beach Pump Station in Waterworks District No. 29, Malibu (District), rendering it inoperative. The pump station pumps water from the District's transmission pipeline on Pacific Coast Highway to the District's water system in Topanga Canyon.

John T. Malloy, Inc., was called to assist the District staff to clean up the debris and install approximately 50 feet of K-Rails and a barrier metal wall to protect the pump station from further damage. The work was completed on January 26, 2005, at an estimated cost of \$40,000.

John T. Malloy, Inc., is one of five as-needed, on-call emergency contractors with contracts approved by your Board on December 1, 2003. We committed to reporting to your Board all emergency repairs carried out under these contracts.
